CARTER-HOFFMANN

Food Courts, Dining Rooms, Catering and Special Events

As palates become more sophisticated, healthy and tasty food served at the proper temperature has become an integral part of healthcare food service. We've listened to our customers and built on our 65 year history of serving hospitality and healthcare to go beyond patient meal service. Our products are an integral part of guest-focused care. Not just patients, but families, visitors and staff.

HOTLOGIX HOLDING CABINETS

- Humidified and non-humidified holding for busy service times
- More than 40 cabinets to choose with lots of options to suit any operation

MODULAR HOLDING CABINETS

- Space-saving cabinets for holding most food products
- Great for small spaces: ergonomic under-counter, counter-top or over-shelf placement
- Create labor & energy efficiencies

- **REDUCE FOOD WASTE!**
- **IMPROVE FOOD QUALITY & SERVICE TIME!**
- **IMPROVE LABOR EFFICIENCY!**

COOK & HOLD CABINETS

- Produce tender caramelized roasts with less shrinkage than convection ovens
- With temps up to 325, these ovens can cook more than just roasts
- Slow cook to time or to temperature with meat probe (included)
- Slow roast overnight during off-peak energy rates
- Flexible cooking space—no hood required (check local codes).

CRISP 'N HOLD

- Extend holding time and improve food quality
- For crispy oven-baked or fried foods such as chicken fingers and French fries
- Hold up to 4 times longer than heat lamps!

Our patient meal service equipment is designed to work in concert with the service and quality oriented culture of Hospitality in Healthcare... from our Ultra-Quiet meal delivery carts, to our high performance air screen refrigerators.

CARTER-HOFFMANN

PERFORMANCE SERIES PATIENT TRAY CARTS

- *Ultra-Quiet* noise suppression channels and no-rattle racks
- Performa rubber cushioned casters with noise-suppression bearing covers and cart wash resistant Glacier FM grease; wheel-ahead pattern
